Today's Reading:
Colossians 3:12-17

Today, at church I learned:

Do you know what GPS is? You have probably seen your grown up use it when going some place new or on a road trip. It helps them find their way to get to where they want to go.

Our church has a new vision statement, GPS. This isn't the same as what we use on road trips but it can help us follow God's plan in scripture so that we can be with Him.

**At Monroe Bible Church,
GPS stands for GROW, PRAY, and SERVE.**

This week we are going to focus on the first part of the vision statement, GROW. Specifically, we will look at growing together in Christ.

Fellowship means having a friendship with people who have similar interests. Christians share a love for God. Spending time with other people who also love God is a great way to learn more about the Bible and God. Fellowship is also a way we can give and receive comfort and support during difficult times.
